Water base

## Automotive Paint

Since 2000 Kcolor has produced incredible custom paint for the Italian super car industry. Using this 17yrs of experience in automotive and custom paint technology Kcolor has produced an automotive colour range using original paint codes.

Kcolor has introduced this technology in a water based non toxic range, so now everyone can paint a car/bike etc without the need to use a lacquer based product, safer for your health along with easy cleaning of your airbrush, but with superb results.

Kcolor's archive is huge and most historical paint codes can be reproduced in this water base paint technology (min Qty apply) Contact your local supplier for more details of this unique service.

Finish your paint job with one of our spectacular clear coats to make it look like the real thing !.

PRICE (Inc vat): £7.99
